HUNT BIG RUSA DEER

IN NEW CALEDONIA -- WITH MURRAY THOMAS

THE WORLD'S GREATEST DEER HUNT

You will see thousands of deer and hundreds of trophies. There is no other free-range deer hunt like it. Expect to shoot an outstanding trophy of 33-38 inches. Over 40 inches is not likely, but Murray has guided hunters to a few unbelievable Rusa in excess of 40 inches.

HUNT AREA, DESCRIPTION, AND DATES

Fly to Noumea, New Caledonia on a Saturday, hunt 6 days, and fly back the following Saturday. The hunts are scheduled for July and August, which is the prime period of the rut. The area hunted is known as Poya, which is known for glassing and shooting opportunities along open, rolling hills and valley floors, as well as forest stalking of roaring stags. It is not unusual to see 500 to 2,000 deer in a single day!!

RIFLES

Rifles in .270 caliber with good scopes will be provided. To bring your own rifle, the paperwork must be started no later than April of the hunt year. Military calibers are not allowed.

ACCOMMODATIONS

Lodging is in bungalows with en-suite bathrooms. Hunters and observers will enjoy the French cuisine and native hospitality.

WEATHER/CLOTHING

Bring light (dry grass) color or desert camouflage clothing suitable for 75 degree daytime temperatures. Also, a light jacket for cool mornings and evenings.

PRICE

A limited number of hunters will be taken each year, with prices subject to change each year. The current price is only \$4,950, 2 x 1, with the right to shoot additional trophy deer for \$1,600 each. Non-hunting observers are welcome at \$200 per day. The hunt generally takes only 1-2 days per trophy, so an early return to Noumea and sightseeing are common. Included in the price are pick-up from and delivery back to the airport, food and lodging, rifle and ammunition, and preparation of trophies to take with you on your flight out.
